STUDY GUIDE:

1. How would you define "love"? How does God's love differ from the way society shows love today?
2. Describe a situation or a story in which you experienced God's love through others.
3. Read 1 Corinthians 13:4-5. Does God reveal any way in which the way you love others can improve?
4. How can you be a better example of Christ's love this week?
5. Paul writes in Ephesians 3:18 that he prays that believers come to experience God's love through fellowship with one another. What does God bring to your mind when reading this?

TAKE IT FURTHER:

Take the prayer in Ephesians 3:14-21 and make it personal. In prayer, ask God to:

- Give you what you need in order for Christ to change you into a vessel of His love to those around you.
- Bring you to a place of being rooted deeper and firmly grounded in the truth of His love.
- Give you the confidence to go before God freely in prayer with faith that He can answer any prayer beyond your imagination according to His will.
