

# THE KINGDOM & DRUMMING CLINIC

**SATURDAY, OCTOBER 7 • 10 AM-3 PM • SCHEDULE**

## **MORNING**

### **Opening Message**

*Audience: All*

Musical worship & utilizing your gifts for the kingdom.

### **Style & Approach Play-through**

*Audience: All*

See and hear drummers play through and discuss approaches to different styles of worship music (contemporary, gospel, creative approach to hymns). Q&A session to follow.

### **Technical Track Session**

*Audience: All*

A deep dive into:

- Gear selection
- Environmental awareness — Large church, small church, conference stage, be prepared for any situation
- Approaches to practice
  - Practicing without access to a drumset
  - Low- to no-cost guide to perfecting your practice space
  - Charting & memorization of music
- Drum hacks — Be prepared for almost any situation
- Instruction and hands-on time with the most popular performance software in use by churches today:
  - MultiTracks (Loop Community)
  - Ableton
- Playing to a click, playing with backing tracks, and more!

## **LUNCH**

## **AFTERNOON**

### **Playing Assessment Break Out**

*Audience: Beginner-Intermediate*

Breakout rooms for 1-on-1 playing assessment. Bring a concept (i.e. playing in 6/8, brush style, etc.) or a song on a phone, tablet, or computer and get individual feedback from experienced worship leaders.

### **Ableton Deep Dive**

*Audience: Expert*

Session where we dive into the "swiss army knife" that is Ableton:

- Intro to Ableton
- What can it do and how can you use it
- Integrations with ProPresenter, lighting systems, midi devices for triggering loops and more

### **Panel Discussion**

*Audience: All*

Ask questions and hear from a special panel of worship pastors, worship leaders, drummers, and sound engineers from multiple churches across the city.

### **Live Worship**

*Audience: All*

We will end the day with a unique drum-centered worship experience.
