

EASTBROOK PRAYS

A MONTHLY CALL TO PRAY FOR OUR CHURCH, CITY & WORLD—JULY 2026

"If my people, who are called by my name, will humble themselves and pray and seek my face and turn from their wicked ways, then I will hear from heaven, and I will forgive their sin and will heal their land."
(2 Chronicles 7:14)

FOR THE CHURCH

JULY
1-4

Praise God for the United States of America this Independence Day weekend. Praise God for the people who live here from many races and backgrounds, each made in the image of God. Pray that God will bring revival in our land, bringing people across our nation back to the Lord. Ask God to shower His mercy and forgiveness on us. Pray that God will renew the church in America, saving us from all hypocrisy, lukewarm attitudes, and complacency.

JULY
5-11

Pray that each summer camper would grow in the grace of our Jesus Christ, develop good friendships during camp, and have joyful experiences. Pray that the staff and volunteers serving with VBS and summer camps would have strength for their tasks, love for each camper, and be led by the Holy Spirit in all they do. Pray that the camp experiences would overflow, touching the lives of family and friends with the grace and truth found in Jesus Christ.

JULY
12-18

Pray for our small groups and men's and women's studies as they use the summer to engage with people in different ways. Pray they are able to continue connecting, challenging, and encouraging each other throughout these months! Pray for small groups to continue growing together and for new people to be connected to the community. Pray that the small groups picnic would be a fun time for existing groups and that, through it, new people can find their place.

JULY
19-31

Please pray for the Ministry Services department as they prepare for the upcoming year, asking God to grant wisdom, unity, clarity, encouragement, and guidance as they support Eastbrook's ministries and mission. // Pray for our High Schoolers as they head west for a backpacking retreat. Ask God for a time of communal growth and discipleship! Pray for their safety and for fun.

FOR THE CITY

Thank God for the freedoms and blessings we often take for granted in this country, and pray that international students living here would benefit from them. Pray that they would feel loved and cared for by believing families and individuals, and that many from places without religious freedom would come to know Jesus and carry Him back to their home countries.

Thank God for His provision and for His work through the Bread of Healing Clinic! Pray for a staff member as she transitions back from maternity leave. Pray for the smooth launch of a monthly vision clinic at Eastbrook. Pray that volunteers and staff would have wisdom as they care for patients' health, and that God would be glorified through the Clinic's work.

Praise God for the opportunity to pour into and receive so much from the lives of refugees and immigrants on Milwaukee's south side through the International Community Center! Pray for this Saturday's annual summer picnic, that families would come and experience the Lord's love and joy. Pray for each student to grow in English skills and for protection as they navigate life in an unfamiliar place.

Praise God for His work through our Food Pantry! Pray that the relationships being cultivated would grow and bear good fruit. Pray that each visitor receives what they need physically and is also fed spiritually. Pray for those facing difficult circumstances to find the support they need. Pray that God would give our volunteers discernment and boldness to share the hope they have in Christ with visitors to the Food Pantry.

FOR THE WORLD

Pray for the containment and eradication of the Ebola virus in the Democratic Republic of Congo and Uganda. Pray for the safety of medical workers in the region and those who have traveled from overseas to help. Pray that this virus would claim no more lives and that a cure would be found. Pray that God would be glorified and would comfort the broken-hearted and crushed in Spirit.

Praise God for John's (one of our field workers) successful liver transplant and restored health. Pray for John and his wife, Terri, as they continue working with pastors in India and reach out to international students in River Falls, Wisconsin. Pray that God would raise up new leaders for the international student ministry and give John and Terri direction and vision for their future.

Pray for our fieldworkers, K+A, and their family that they will have a restful, fun visit to the US this summer. Pray for healing for K+A and protection from the enemy's schemes over their family and for the staff in SE Asia. Pray that the staff would rest, grow, and be fed this summer, and that recent graduates would stay close to Jesus as they transition into work.

Pray for Jeff, Ghada, and their sons this summer as they rest after the hard work of running a school in the Holy Land. Pray that the Lord would help them and the other staff rest well and release any burdens they have been carrying through a stressful year of conflict in the region. Pray also for the students and their families at the school to grow closer to the Lord this summer.
